

MANUAL FOR SOMFY PRODUCTS

Help me by Somfy

All instructions for the installation and configuration of Somfy products are available in an accessible smartphone application called "Help me by Somfy". The unique app guides you during the adjustment of Somfy products (e.g. the motor, sensor, remote control, etc. that Pallazzo® uses for its terrace roofs).

The app offers:

- An intuitive, image-based step-by-step guide
- All available combinations, whatever the configuration
- Access to instructions even without an internet connection
- Simplified navigation thanks to the QR codes for simplified manuals
- Installation manuals for all Somfy products in your pocket

Download the "Help me" app:
